ORION ACADEMY

WHERE TECHNICAL
PROFESSIONALS
FULFILL THEIR
AMBITIONS

Orion Engineering is the secondment agency of choice for engineering and technical jobs for almost 30 years. Finding the right candidates will remain a challenge over the next few years due to a shortage of technical professionals. How do you recruit the right professionals with the skills your team needs? Orion Engineering considers the best candidates: technical professionals with ambition and a strong drive to get the most out of themselves.

The Orion Academy enables technical professionals, through vocational and customized training, to grow and realize their ambitions. Orion ensures you will be trained to a high standard and with proper certification(s) to prepare you for the next step

Why the Orion Academy?

01

Your personal coach

02

The choice of a wide range of courses, both general and specialized. Always custom made!

03

Training courses can be held in our training centres, but also on site

04

Determine your own career and realize your ambitions with the Orion Academy

OUR TRAINING OFFERINGS

VOCATIONAL TRAINING

As a technical professional you already have the necessary technical knowledge and / or experience. When you meet a new challenge, you will enter a new environment, where you need new knowledge to develop yourself as a professional. Orion investigates with you and the client what kind of training or courses you can follow to take the next step. This is a selection of our **technical training** courses:

- Pro-ENGINEER
- Solid Edge
- Solid Works®
- Siemens NX/Unigraphics
- PLC Siemens
- Teamcenter
- (d)FMEA
- Lean (Yellow, Green) belt
- Six Sigma
- AutoCAD
- ISTQB®
- Revit®

Soft skills: Our experience teaches that our clients are increasingly looking for the engineer with the right soft skills. Effective communications, convincing and project management are, for example, skills that are increasingly being asked in addition to technical knowledge. With the help of the Orion Academy you can develop these skills.

Coaching

Effective communications
